

WHOLESALE

WHO ARE WE?

C & D Pet Products and their subsidiary The Pooch Beauty Salon are a small family business based in Melbourne, Victoria.

We asked ourselves how do we develop pet products, for example colognes, shampoo and deodorants, that can be sold at a comparable price point to similar product categories for humans. It's a problem we set about investigating and we found a solution.

After several years of extensive research conducted by industrial chemists and the Victorian University, we have developed a range of pet products that are safe and exceptional value. We conducted a six month trial in large scale 'shopping centres' and with invaluable customer feedback we have developed a dog cologne (pet deodoriser) range that is both affordable and popular.
